GET CLOSER TO NATURE

Attali Escazú is a masterpiece developed by SINGULAR in collaboration with Arditti RDT Arquitectos. This exclusive residential enclave features 48 luxurious apartments integrated within more than 11,000 m² of lush green areas in the highly sought-after location of San Rafael de Escazú.

A masterful fusion of architectural design and natural surroundings, Attali Escazú offers a sophisticated lifestyle in one of the most prestigious areas of the Central Valley.

LOCATION

PRIVILEGED LOCATION NEAR COMMERCIAL AREAS, OFFERING CONVENIENCE AND IMMEDIATE ACCESS TO NEARBY SERVICES.

PHASE II

Attali Escazú, in its PHASE II, will introduce two 7-story buildings, each featuring only two exclusive residences per level, with 256 m² of refined living space per apartment.

The development is positioned within a privileged enclave that harmonizes the vitality of a flourishing urban center with the serenity and natural elegance of its surroundings, offering a distinctly elevated residential experience.

RESIDENCES

On each level, two three-bedroom residences are available, each offering total areas of over 300 m².

The living and dining areas are defined by expansive corner glazing, allowing for a seamless integration with the surrounding landscape. In addition, a generous terrace comfortably accommodates both a dining setting and a bar or lounge area, creating a versatile and inviting space for everyday living and entertaining.

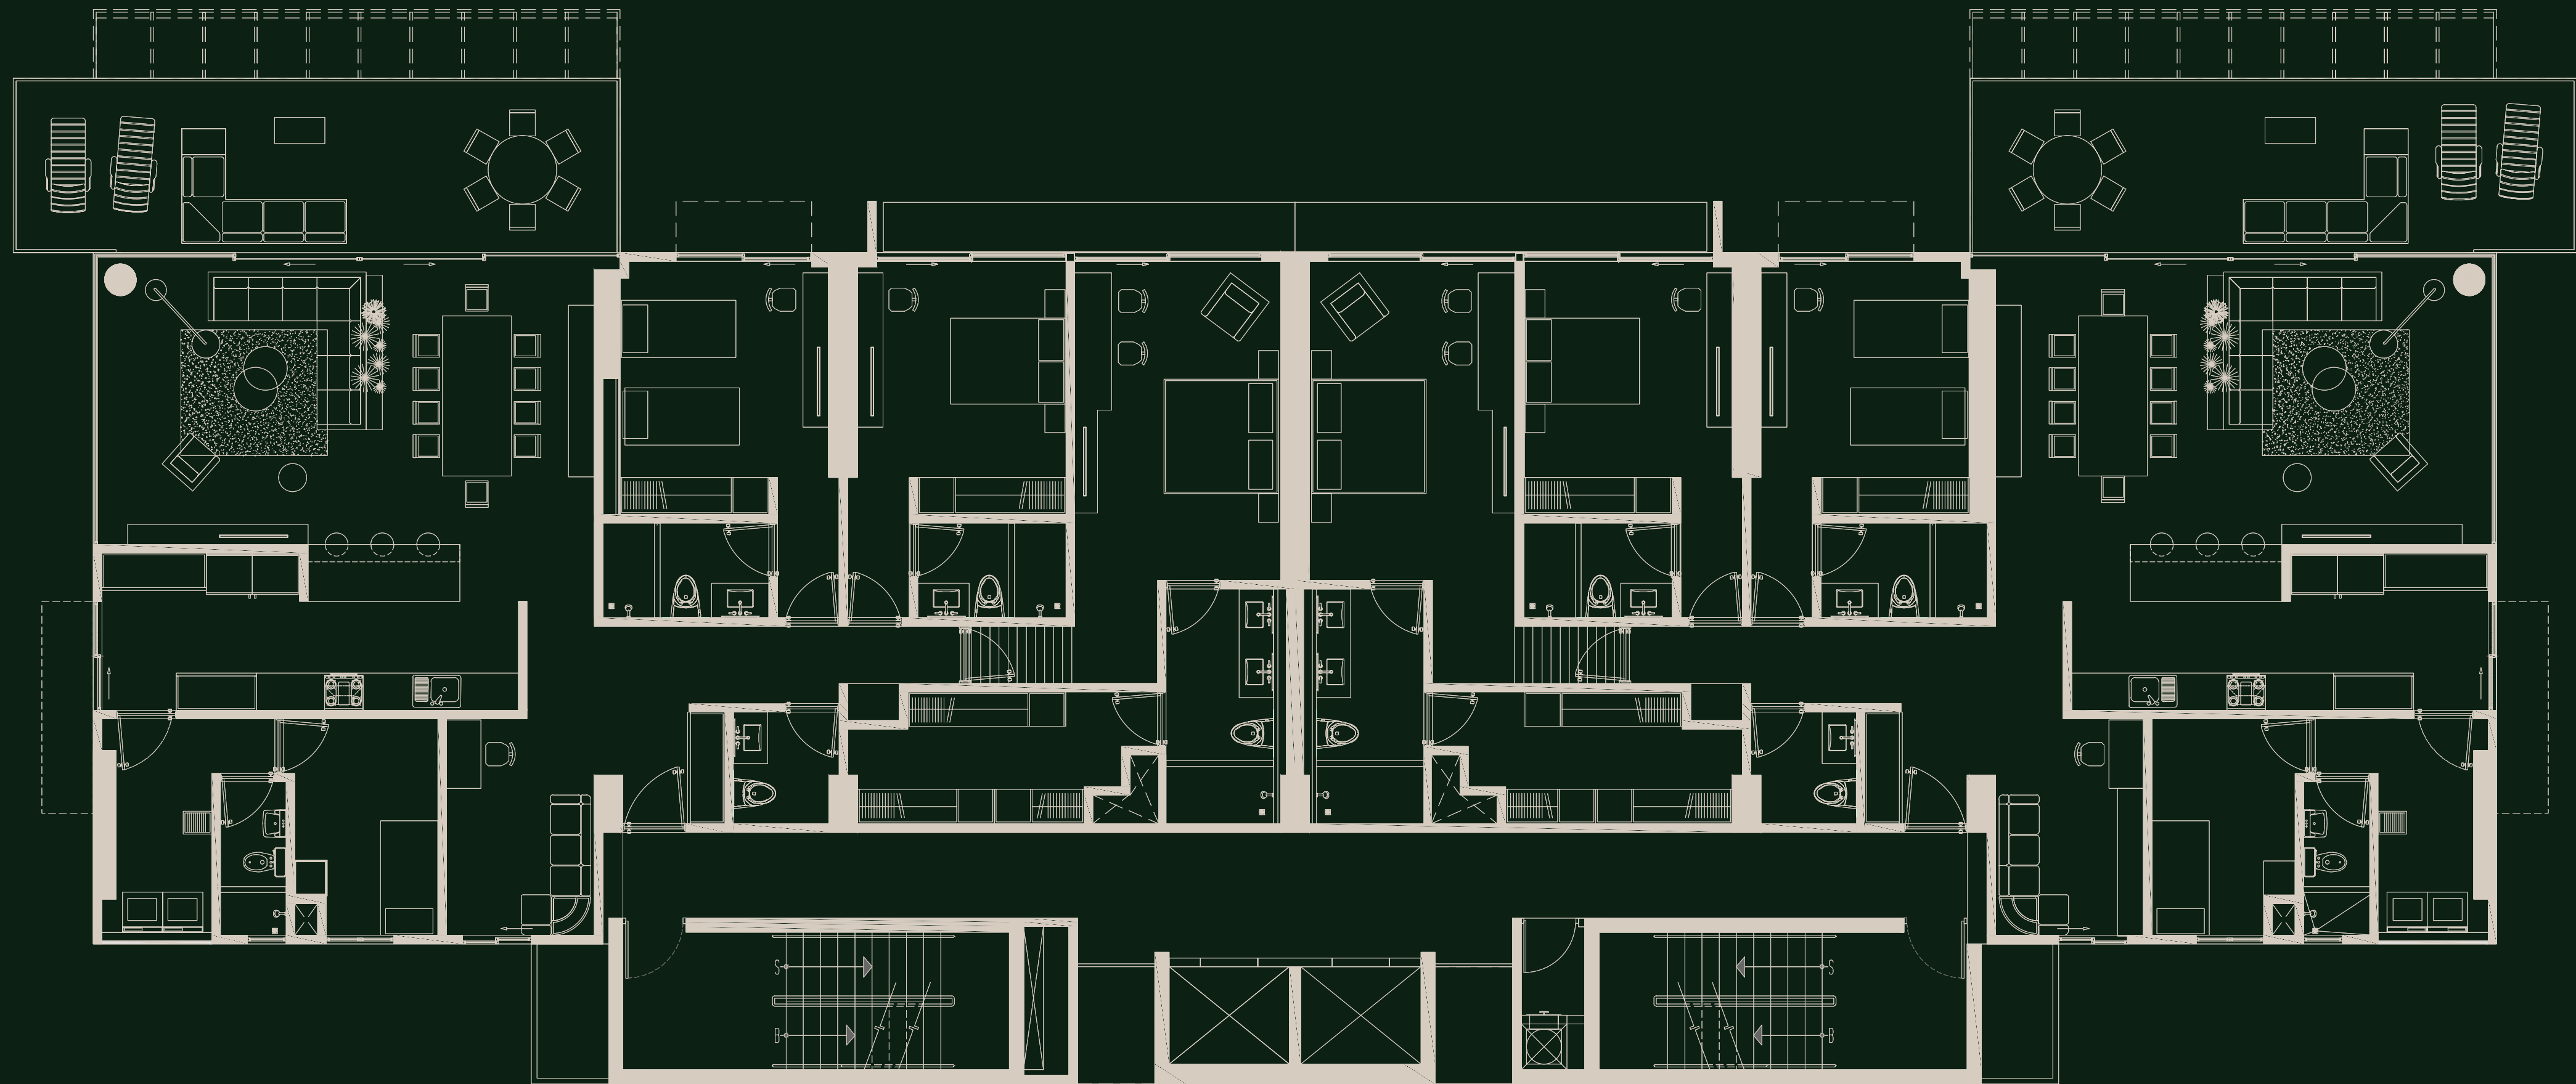

ARCHITECTURAL LAYOUT

On the first level, spectacular private gardens enhance the living experience, establishing a direct relationship with the landscape.

On the seventh level, the penthouses feature double-height social areas, introducing a heightened sense of spatial grandeur and architectural presence.

Each residence includes a private storage unit within the parking area, providing additional convenience and functional efficiency.
